# **Independent Auditor's Report**

To the Board of Directors of Community Foundation Santa Cruz County:

#### Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Community Foundation Santa Cruz County (the "Foundation") and Subsidiaries, which comprise the consolidated statements of financial position as of December 31, 2017, and the related consolidated statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

# Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Community Foundation Santa Cruz County and Subsidiaries as of December 31, 2017, and the changes in their net assets and their cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

# Change in accounting principle

As discussed in Note 2 to the consolidated financial statements, Community Foundation Santa Cruz County and Subsidiaries adopted Accounting Standard Update (ASU) 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities (Topic 958)*. Our opinion is not modified with respect to that matter.

# Report on Summarized Comparative Information

We have previously audited the 2016 consolidated financial statements of Community Foundation Santa Cruz County and Subsidiaries, and we expressed an unmodified audit opinion on those audited financial statements in our report dated May 10, 2017. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2016, is consistent, in all material respects, with the audited financial statements from which it has been derived.

# Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The supplementary information is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

## 1. General

Community Foundation Santa Cruz County ("CFSCC" or the "Foundation") is a California nonprofit public benefit corporation classified by the Internal Revenue Service as tax-exempt under Section 501(c)(3) and as a non-private foundation under Section 509(a)(1) of the Internal Revenue Code of 1986. CFSCC was organized in 1982 to enhance the quality of life by seeking, accepting, managing and disbursing funds to address a variety of community needs throughout Santa Cruz County. Grants and technical assistance services provided are in accordance with the terms of CFSCC's guidelines and are subject to approval of the Board of Directors of CFSCC.

The Regional Water Management Foundation ("RWMF"), a subsidiary of CFSCC and a California nonprofit public benefit corporation, was organized on August 21, 2007 to implement and administer Integrated Regional Water Management Grants awarded by the State of California and such other grants from state, federal or other sources as may be awarded to RWMF from time to time. Since 2007, in addition to implementing and administering the grants, RWMF has expanded its scope of activities to include those aimed at addressing water issues in Santa Cruz County. RWMF is a Type I supporting organization under Section 509(a)(3) of the Internal Revenue Code.

NLMJ Borina Land, LLC (collectively with RWMF and certain charitable trusts in which the Foundation serves as the trustee, the "Subsidiaries"), a California limited liability company, was organized on September 26, 2013 to be operated for the exclusive purpose of holding title to agricultural land held for investment, collecting income therefrom and turning over the entire amount thereof, less expenses to CFSCC. NLMJ Borina Land, LLC is wholly owned by CFSCC.

#### 2. Summary of significant accounting policies

#### Principles of consolidation

The accompanying consolidated financial statements include the assets, liabilities, net assets, and financial activities of the Foundation and Subsidiaries. All significant intercompany transactions and balances have been eliminated in consolidation.

#### Basis of accounting

The Foundation and Subsidiaries prepare their consolidated financial statements on the accrual basis of accounting consistent with accounting principles generally accepted in the United States of America.

#### Basis of presentation

The Foundation and Subsidiaries are required to report information regarding their financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

*Net assets without donor restrictions:* Net assets that are not subject to donor-imposed stipulations. Net assets without donor restrictions consist primarily of operating reserves, capital assets, general operating support, and the RWMF supporting organization.

### 2. Summary of significant accounting policies (continued)

### Basis of presentation (continued)

*Net assets with donor restrictions*: Net assets that are subject to donor-imposed stipulations. Net assets with donor restrictions consist primarily of non-endowed and endowed donor-advised funds, charitable gift annuities, cash surrender value of life insurance, and investments in charitable trusts. Non-endowed donor-advised funds include resources that are restricted by a donor for use for a particular purpose or in a particular future period and are subject to the variance power of the Board of Directors. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statements of activities as net assets released from restrictions. Endowed funds represent the fair value of the original gift as of the gift date and the original value of subsequent gifts to donor-restricted endowment funds. The historic gift amount of endowed funds is to be preserved in perpetuity and are subject to the variance power of the Board of Directors.

## Endowment funds

*Interpretation of relevant law:* The Foundation is subject to the Uniform Prudent Management of Institutional Funds Act ("UPMIFA") and, thus, classifies amounts in its donor-restricted endowment funds as net assets with donor restrictions because those net assets are time restricted until the Board of Directors appropriates such amounts for expenditure. Most of those net assets are also subject to purpose restrictions that must be met before reclassifying those net assets to net assets without donor restrictions. When reviewing its donor-restricted endowment funds, the Foundation considers a fund to be underwater if the fair value of the fund is less than the original value of initial and subsequent gift amounts donated to the fund. Any deficit of a donor-restricted endowment fund is presented as a reduction in net assets with donor restrictions. If a fund does not have any accumulated earnings, the fund does not participate in grantmaking.

**Investment and spending policies:** The Foundation has adopted investment policies that preserve capital, regularly evaluate and control risk to ensure it is commensurate with the given investment style and objective of the portfolio and is invested with the care, skill, prudence, and diligence with the goal of producing returns equal to or exceeding prevailing standards among community foundations of similar asset size. The investment strategy for endowed funds utilizes a "total return," that is, the aggregate return from capital appreciation and dividend and interest income. Donors (the person or organization that established the fund) or the fund representative authorized by the fund agreement may choose the investment option for their fund when their fund is established. The donor or fund representative may also request to change their fund's investment option once per calendar year.

The Board of Directors, after conferring with counsel with respect to the provisions of both the Uniform Management of Institutional Funds Act ("UMIFA") and UPMIFA, has adopted a spending plan that continues to follow UMIFA by enforcing no spending of the permanently restricted portion of donor funds, which consists of the historic gift, or corpus, of the fund. The objective of endowed funds is that the principal gift(s) of the fund will be held forever. Charitable distributions will be spent from a fund's net earnings according to the Foundation's spending policy. The spending policy is established to ensure the availability of grantmaking dollars to the community in perpetuity. Pursuant to the policy, the total target return is 7%. The funds available for grant-making use determined each year (which was 4% for 2017 and 2016) are calculated based on a 12-quarter moving average based on balances as of December 31. Both the finance committee and the Board of Directors of the Foundation must approve any changes to the spending percentage.

### 2. <u>Summary of significant accounting policies (continued)</u>

### Endowment funds

## Investment and spending policies (continued):

Under the Foundation's endowment spending policy, 4% of the average of the fair value at the end of the previous 12 quarters is appropriated, which was \$2,241,065 for the year ended December 31, 2017. Of this amount, \$138,955 was related to the endowed agency funds.

## Use of estimates

The preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States of America includes the use of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

## Fair value of financial instruments

The financial instruments of the Foundation and Subsidiaries include cash and cash equivalents, investments, grants and other accounts receivable, accounts payable and other liabilities, grants payable and notes payable. The recorded values of these financial instruments approximate their fair values. The carrying amount of cash and cash equivalents, grants and other accounts receivable, accounts payable and other liabilities and grants payable approximates fair value because of the short maturities of those investments. The carrying amount of notes payable approximate fair value since stated rate is similar to rates currently available to the Foundation for debt with similar terms and remaining maturities.

#### Cash and cash equivalents

For purposes of the consolidated statements of cash flows, the Foundation and Subsidiaries consider all highly liquid investments with an initial maturity of three months or less at the date of acquisition to be cash equivalents. The carrying amounts of cash and cash equivalents approximate their fair values.

The Foundation and Subsidiaries maintain their cash in bank deposit accounts which, at times, may exceed federally insured limits. The Foundation and Subsidiaries have not experienced any losses in such accounts. The Foundation and Subsidiaries believe they are not exposed to any significant credit risk on cash and cash equivalents.

# Revenue recognition

*Contributions and grants:* Contributions and grants are recognized as revenue when received or unconditionally promised and are recorded as support with donor restrictions or without donor restrictions. Unconditional pledges to give are recorded as contributions when pledged at the net present value of the amounts expected to be collected. Unconditional pledges to give that are expected to be received in future periods are discounted annually using the current interest rate the funds would earn. Amortization of the discount is recorded as contribution revenue.

Grants and other accounts receivable consist primarily of unconditional promises to give. Receivables are stated at the amount management expects to collect from outstanding balances. Management closely monitors outstanding balances and provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances that remain outstanding after management has used reasonable collection efforts are generally written off through a charge to the valuation allowance and a credit to accounts receivable. As of December 31, 2017 and 2016, the balance of the allowance for doubtful accounts was \$0.

### 2. Summary of significant accounting policies (continued)

## Revenue recognition (continued)

**Foundation services fees:** The Foundation charges a monthly service fee for endowed and non-endowed funds under management. These fees are recorded internally both as revenue and expense. All bequests are subject to a one-time fee. These fees help fund the general operations of the Foundation. Fees earned from funds other than agency funds and charitable gift annuities have been eliminated for financial statement presentation, in that these fees do not come from sources external to the Foundation. Foundation services fees earned from agency funds and bequest set up fees are included in foundation services fees on the accompanying consolidated statements of activities and changes in net assets.

## Investments

Investments are stated at fair value. Investment purchases and sales are accounted for on a trade-date basis. Realized and unrealized gains and losses are calculated based upon the underlying cost of individual lots. Interest income is recorded when earned and dividends are recorded on the ex-dividend date.

Investments are made according to the finance policy adopted by the Foundation's Board of Directors. The guidelines provide for investment in equities, fixed income, and alternative investments. Outside advisors are utilized by the Foundation for the purpose of providing investment advice and report to the Finance Committee.

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain long-term investments, it is reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect the amounts reported in the consolidated statements of financial position.

The Foundation maintains master investment accounts (funds) for its endowed and non-endowed donor funds. Realized and unrealized gains and losses from securities in the master investment accounts are allocated monthly to the individual endowed and non-endowed funds based on the relationship of the market value of each donor fund to the total market value of the master investment accounts, as adjusted for additions to or deductions from those accounts.

Investments include land owned by NLMJ Borina Land, LLC. NLMJ Borina Land, LLC leases the land pursuant to the terms of a lease agreement and accounts for its land lease as an operating lease. Lease revenue, net of operating expenses, is included in investment income on the accompanying consolidated statements of activities and changes in net assets.

Investments also include an impact investment loan receivable from a nonprofit organization. The impact investment loan receivable is carried at its outstanding principal balance, less an allowance for loan losses. Interest income is accrued on the principal loan balance. Management's determination of the level of allowance for loan losses rests upon various judgments and assumptions, including current and projected economic conditions. As of December 31, 2017, allowance for loan losses was \$0.

# 2. Summary of significant accounting policies (continued)

### Charitable trust assets

*Charitable lead trust:* The Foundation serves as trustee for a charitable lead trust. Under the term of the trust agreement, the Foundation is to receive annual distributions and make distributions to income beneficiaries. At the end of the term, or upon the death of the trustor, assets remaining in the trust will be dispersed in accordance with the term of the trust. As the amounts due to be received by the Foundation are immaterial, no receivable has been recorded for this trust. The Foundation records the assets held for income beneficiaries in the trust at their fair values based on current quoted market values. The corresponding liability is recorded as charitable trust liabilities on the accompanying consolidated statements of financial position.

*Charitable remainder trusts:* The Foundation is a 100% remainderman beneficiary under four charitable remainder trusts, three of which the Foundation also serves as trustee. At the end of the terms, or upon the death of the income beneficiaries, assets remaining in the trusts will be dispersed in accordance with the terms of the trusts. The Foundation records the amounts expected to be received based on the present value of the remainder interests using a discount rate of 2% as of December 31, 2017 and 2016.

In addition, for trusts in which the Foundation serves as trustee, the Foundation makes distributions to income beneficiaries for a given term or the life of the beneficiaries under the terms of these trust agreements and records the amounts held for income beneficiaries equal to the differences between the total assets held in the charitable remainder trusts at their fair values based on quoted market values and the amounts expected to be received by the Foundation. The corresponding liability is recorded as charitable trust liabilities on the accompanying consolidated statements of financial position.

#### Assets held in charitable gift annuities

The Foundation has established various charitable gift annuities. Under the terms of these agreements, donors contribute assets to the Foundation in exchange for a promise by the Foundation to pay fixed distributions to the donors for the lives of the donors. Upon the death of the donors, assets remaining in the charitable gift annuities will be transferred to a fund held for the benefit of a cause or an organization designated by the donors. The Foundation records the assets held in the charitable gift annuities as investments at their fair market values based on current quoted market prices and records a liability under the charitable gift annuities based on the estimated fair value, estimated by calculating the discounted value of the amounts due to the donors based on the Internal Revenue Service annuity and mortality tables. The Foundation recognizes contribution revenue for the difference between the fair value of the assets received and the annuity liability and for contributions made to the Foundation pursuant to the underlying agreements.

Annuity liabilities are recorded for the required life annuity payments at the present value of expected future cash payments discounted using current interest rates and actuarial assumptions. The annuity obligations are adjusted each year for changes in the life expectancy of the donors and are reduced as payments are made to the donors.

The Foundation is licensed by the State of California to enter into annuity agreements with donors. California statute requires entities with such a license to maintain a segregated reserve account equal to at least the present value of annuity liabilities, and must be calculated using California's prescribed mortality table and rate of interest. The Foundation has complied with this requirement.

## 2. Summary of significant accounting policies (continued)

### Fair value measurements

The Foundation applies the accounting provisions related to fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurement standards establish a three level hierarchy that prioritizes the information used in developing fair value estimates, and require disclosure of fair value measurements by level within the fair value hierarchy. The hierarchy gives the highest priority to quoted prices in active markets (Level 1 measurements) and the lowest priority to unobservable data (Level 3 measurements), such as the reporting entity's own data. These provisions also provide valuation techniques, such as the market approach (comparable market prices), the income approach (present value of future income or cash flows) and the cost approach (cost to replace the service capacity of an asset or replacement cost).

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels of valuation hierarchy are defined as follows:

- *Level 1*: Observable inputs such as quoted prices (unadjusted) for identical assets or liabilities in active markets.
- *Level 2*: Inputs other than quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- *Level 3*: Unobservable inputs that reflect the Foundation's own assumptions.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the disclosed level within the hierarchy is based on the lowest level of input that is significant to the fair value measurement. Assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the item being measured.

The following tables present the Foundation's assets and liabilities that are measured and recognized at fair value on a recurring basis classified under the appropriate level of the fair value hierarchy as of December 31, 2017:

	December 31, 2017									
						Fair Value				
	Level 1		Level 2		Level 3	Ν	<u>Measurements</u>			
Assets										
Investments	\$ 116,625,971	\$	-	\$	2,834,420	\$	119,460,391			
Charitable trust assets			_		2,374,494		2,374,494			
Total assets	<u>\$ 116,625,971</u>	\$	-	\$	5,208,914	\$	121,834,885			
Liabilities										
Charitable gift annuity	\$ -	\$	-	\$	753,246	\$	753,246			
Charitable trust liabilities			-		1,199,421		1,199,421			
Total liabilities	<u>\$</u>	\$	-	\$	1,952,667	\$	1,952,667			

## 2. Summary of significant accounting policies (continued)

#### Fair value measurements (continued)

Investments in equity, fixed income and liquid alternative securities, including U.S. Treasury securities, mutual funds, corporate bonds, asset backed securities and commodities, are classified as Level 1 of the fair value hierarchy because they are valued using quoted market prices, broker dealer quotations or alternative pricing sources with reasonable levels of price transparency. Assets and liabilities measured at fair value on a recurring basis using unobservable inputs include charitable trust assets and liabilities, charitable gift annuity investments in real estate, impact investments, investment in limited liability companies, and cash surrender value of life insurance, and are classified within Level 3 of the fair value hierarchy. Financial instruments are considered Level 3 when their values are determined using pricing models, discounted cash flow methodologies or similar techniques, and at least one significant model assumption or input is unobservable when the determination of the fair value requires significant judgment or estimation.

The tables below present information about the changes in investments, charitable trust assets, charitable gift annuity and charitable trust liabilities for the year ended December 31, 2017:

<u>Investments – Level 3</u> Balance, January 1, 2017 Receipt of contribution of interest in real estate Change in value Balance, December 31, 2017	\$ Real <u>Estate</u> 2,945,000 (160,000) <u>-</u> 2,785,000		Other 37,713 - 11,707 49,420	\$ <u>Total</u> 2,982,713 (160,000) <u>11,707</u> <u>2,834,420</u>

Balance, December 31, 2017		\$	1,199,421	

# 2. Summary of significant accounting policies (continued)

### Fixed assets and depreciation

Fixed assets are stated at cost. Purchases of property, equipment or improvements costing more than \$1,000 are capitalized and recorded at cost. Major improvements are charged to the fixed assets account, while maintenance and repairs, which do not extend the life of the respective assets, are expensed. When fixed assets are retired or otherwise disposed, the cost of the fixed asset and the related accumulated depreciation are removed from the accounts and any resulting gains or losses are reflected in income.

Depreciation is computed on the straight-line method over the estimated useful lives of the assets. The useful lives of the assets are estimated as follows:

Building and improvements	40 years
Land improvements	20 years
Office equipment and software	3-10 years

## Impairment of long-lived assets

The Foundation and Subsidiaries review their long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying value of the asset may not be recoverable. Recoverability is measured by a comparison of the carrying amount of the asset to the future net undiscounted cash flow expected to be generated and any estimated proceeds from the eventual disposition. If the long-lived asset is considered to be impaired, the impairment to be recognized is measured at the amount by which the carrying amount of the asset exceeds the fair value as determined from an appraisal, discounted cash flow analysis, or other valuation technique. There were no impairment losses recognized during 2017.

# Bond financing costs and amortization

Bond financing costs incurred in connection with the issuance of the tax-exempt bonds were recorded at cost as a reduction from the principal balance of the underlying bonds. Amortization of bond financing costs over the term of the underlying bonds is included in interest expense on the accompanying consolidated statement of functional expenses.

# Agency funds

Agency funds: When a not-for-profit organization establishes a fund at the Foundation with its own funds and specifies itself or its affiliate as the beneficiary of the fund, the Foundation accounts for the transfer of such assets as a liability. The liability is the total fair value of the funds and is reflected as agency funds on the accompanying consolidated statements of financial position. In addition, related amounts received or distributed, investment income or loss, and expenses are not presented on the accompanying consolidated statements of activities and changes in net assets.

**Designated agency funds:** The Foundation receives and distributes assets for the benefit of various other notfor-profit organizations under certain donor fund agreements. The Foundation accepts a contribution from a donor and agrees to transfer a portion of the return on investment of those assets, subject to the Foundation's spending policy, to another entity that is specified by the donor. The Foundation holds such funds as designated funds.

# 2. <u>Summary of significant accounting policies (continued)</u>

#### Grants and disbursements

Grants are made from available principal and income in accordance with the designations of donors. Endowed funds are subject to the Foundation's spending policy. Grants are recorded at the date of approval. Donor-advised grants below \$50,000 are recorded at the date of approval. Donor-advised grants above \$50,000 are recorded at the date of approval. Donor-advised grants above \$50,000 are recorded at the date of approval. The Board of Directors ratifies all grants. Grant awards are presented on the accompanying consolidated statements of activities and changes in net assets, net of grant refunds.

## Recognition of donor restrictions

Support that is restricted by the donor is reported as an increase in net assets with donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the accompanying consolidated statements of activities and changes in net assets as net assets released from restrictions. When restrictions on contributions are satisfied in the same period as the receipt of the contribution, the Foundation reports both the contribution received and the related expense in net assets without donor restrictions.

## Functional allocation of expenses

The costs of providing the programs and other activities have been summarized on a functional basis in the accompanying consolidated statements of activities and changes in net assets. Expenses that can be identified with a specific program or supporting service are charged directly to the related program or supporting service. Expenses that are associated with more than one program or supporting service are allocated based on a prorated allocation of employee compensation.

# Income taxes

CFSCC and RWMF have been granted tax exempt status by the Internal Revenue Service and the California Franchise Tax Board. In addition, CFSCC has received a ruling from the Internal Revenue Service that it is not a private foundation. CFSCC and RWMF have also registered with the Registry of Charitable Trusts of the Office of the Attorney General of the State of California. NLMJ Borina Land, LLC is disregarded for federal tax purposes and has been granted tax exempt status by the California Franchise Tax Board.

The preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States of America requires the Foundation and Subsidiaries to report information regarding their exposure to various tax positions taken by the Foundation and Subsidiaries. Management has determined whether any tax positions have met the recognition threshold and has measured the Foundation and Subsidiaries' exposure to those tax positions. Management believes that the Foundation and Subsidiaries have adequately addressed all relevant tax positions and that there are no unrecorded tax liabilities. Federal tax authorities generally have the right to examine and audit the previous three years of tax returns filed. California tax authorities generally have the right to examine and audit the previous four years of tax returns filed. Any interest or penalties assessed to the Foundation and Subsidiaries are recorded in operating expenses. No interest or penalties from federal or state tax authorities were recorded in the accompanying consolidated financial statements.

## 2. Summary of significant accounting policies (continued)

## Change in accounting principle

In 2017, the Foundation and Subsidiaries retroactively adopted Accounting Standards Update (ASU) 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities (Topic 958).* The new standard requires net assets to be presented in two classes: net assets with donor restrictions and net assets without donor restrictions. The effect of the change at December 31, 2017 and 2016 is that net assets that were previously classified as unrestricted net assets are now referred to as net assets and permanently restricted net assets are now combined as net assets with donor restrictions. The change does not impact change in net assets.

In addition to the fundamental change in net asset classifications, the new standard also includes a number of specific amendments, such as the following:

- Reporting requirements of the underwater amounts of donor-restricted endowment funds in net assets with donor restrictions and disclosures about underwater endowments (see Note 2);
- Disclosure requirements of qualitative and quantitative information on how the organization manages its liquid available resources and liquidity risks (see Note 13).

#### Subsequent events

Subsequent events have been evaluated through June 21, 2018, which is the date the consolidated financial statements were available to be issued, and there are no subsequent events requiring disclosure.

#### 3. Investments

Investments were comprised of the following as of December 31, 2017 and 2016:

<u>2017</u>		<u>2016</u>
\$ 8,400,110	\$	6,844,616
72,127,064		78,722,086
23,335,552		6,061,572
15,548,245		9,044,244
 49,420		197,713
\$ 119,460,391	<u>\$</u>	100,870,231
\$ <u>\$</u>	\$ 8,400,110 72,127,064 23,335,552 15,548,245 49,420	\$ 8,400,110 \$ 72,127,064 23,335,552 15,548,245 49,420

Investments are allocated among the following portfolios:

Long term portfolio: The portfolio has an investment objective of earning 7% for the aggregate assets invested.

*Socially responsible long term portfolio*: The portfolio shares the long term portfolio's goal of exceeding an absolute rate of return of 7%. The construction of the portfolio is centered on three core components: socially responsible investing; environmental, social, and governance and impact investing.

## 3. Investments (continued)

*Short duration fixed income portfolio*: The portfolio has an investment objective of preservation of purchasing power with a target cash allocation of 20%.

Capital preservation portfolio: The portfolio has an investment objective of preservation of capital.

*Outside managed accounts*: Assets in this portfolio are managed by the donors' recommended managers and are approved by the Finance Committee.

*Charitable Gift Annuity ("CGA") Portfolio*: Per the State of California, Department of Insurance, the calculated "required" amount of CGA reserve must be invested as specified in the applicable guidelines and the California Insurance Code, Sections 1170 through 1182, as amended by Section 11521.2. The Foundation meets this requirement. Between the reserve and surplus accounts, the objective of the portfolio is preservation of capital.

*Operational cash management*: The portfolio includes local cash management for receipts and disbursements; and gift receipt, grants payable and general cash preservation accounts to manage the liquidity needs of CFSCC.

The investment balance, as summarized above, is allocated among these portfolios as follows:

	<u>2017</u>		<u>2016</u>
Donor portfolios:			
Long term	\$ 95,630,650	\$	80,886,903
Socially responsible long term	18,154,425		14,156,214
Short duration fixed income	384,752		1,447,426
Capital preservation	1,906,859		1,553,183
Outside managed accounts	1,202,022		-
Charitable gift annuity portfolio	 1,088,503		1,094,549
Total donor portfolios	118,367,211		99,138,275
Operational cash management	 1,093,180		1,731,956
Total investments	\$ 119,460,391	<u>\$</u>	100,870,231

#### Alternative investments - real estate

During 2013, NLMJ Borina Land, LLC received a gift of agricultural land. Pursuant to an operating lease agreement, NLMJ Borina Land, LLC receives rent revenue as the lessor of the underlying land. The rent revenue, net of incidental expenses, is included in investment income on the accompanying consolidated statements of activities and changes in net assets. NLMJ Borina Land, LLC recorded the property at the fair value of \$2,785,000 as of the transfer date. Alternative investment in real estate is included as part of the long term portfolio.

#### 3. Investments (continued)

#### Alternative investments - impact investment

In 2014, the Board of Directors approved a finance policy that added impact investing as an allowable alternative investment. Impact investments, along with their financial returns, are to foster positive social, economic or environmental changes, which align and support the philanthropic objectives of the Foundation. On March 2, 2015, upon approval of the finance committee, the Foundation executed an agreement with a nonprofit organization to provide an unsecured loan in the amount of \$350,000 as an impact investment from the socially responsible long term portfolio. The loan bears interest at 3% and matures on March 2, 2020. As of December 31, 2017 and 2016, the impact investment receivable was \$350,000. During 2017 and 2016, interest income on the loan of \$10,500 in each year was included in investment income on the accompanying consolidated statements of activities and changes in net assets. Alternative impact investments are included as part of the socially responsible long term portfolio.

#### Alternative investments - others

Alternative investments - others include liquid alternatives, rethink impact investment, structured product European banks, and Calvert global water fund. As of December 31, 2017 and 2016, the fair values of the alternative investments - others were \$12,413,245 and \$5,909,244, respectively. Other alternative investments are included as part of the long term, socially responsible long term, and charitable gift annuity portfolios.

#### Other investments - investment in limited liability companies

In 2012, the Foundation received donations of noncontrolling interests in limited liability companies. The Foundation accepted the donations with a condition that the investments would be liquidated as soon as practical. The Foundation determined that the membership interests donated would be sold for \$14,087 and recorded investments and corresponding contributions in those amounts, which represented management's best estimates of the assets' fair values at the date of the donation. As of December 31, 2017 and 2016, the fair values of membership interests were \$5,187 and \$5,564, respectively. Investment in limited liability companies is included as part of the long term portfolio.

#### Other investments - cash surrender value of life insurance

The Foundation is the beneficiary of a \$750,000 life insurance policy of an insured donor. During 2017 and 2016, the Foundation made premium payments of \$19,000 in each year from the restricted contributions made by the insured donor. The asset is reported at the amount that could be realized at December 31, 2017. Cash surrender value of life insurance is estimated by the life insurance company. As of December 31, 2017 and 2016, the fair value of cash surrender value of life insurance was \$44,233 and \$32,149, respectively. Cash surrender value of life insurance is included as part of the operational cash management portfolio.

#### Other investments - interest in real estate

In 2016, the Foundation was named as a 4% beneficiary in a real property. The Foundation valued the property at fair value at the date of contribution of \$160,000. During 2017, the property was sold and the Foundation received in full the portion pertaining to its beneficiary interest.

### 3. Investments (continued)

#### Investment income

The following schedule summarizes the investment return and its classification in the accompanying consolidated statements of activities and changes in net assets for the years ended December 31, 2017 and 2016:

	<u>2017</u>	2016
Interest	\$ 444,461	\$ 414,002
Dividends	2,130,047	1,924,052
Realized gains (losses)	2,109,328	(386,779)
Management fees	(409,651)	(501,260)
Unrealized gains	 6,897,581	 5,520,922
Total investment income	\$ 11,171,766	\$ 6,970,937

During 2017 and 2016, dividends included \$133,978 and \$145,894, respectively, received by NLMJ Borina Land, LLC in connection with a lease on the underlying land.

### 4. Grants and other accounts receivable

Grants and other accounts receivable were comprised of the following as of December 31, 2017 and 2016:

	<u>2017</u>	<u>2016</u>
Accounts receivable - RWMF	\$ 144,493	\$ 61,222
Grants receivable - RWMF	106,989	577,113
Contributions and grants receivable	 171,710	 177,650
Total	\$ 423,192	\$ 815,985

# 5. Charitable trust assets and liabilities

As of December 31, 2017 and 2016, the Foundation was a beneficiary of five charitable trusts. The Foundation serves as trustee for four and three of these trusts as of December 31, 2017 and 2016, respectively.

	201	17	2016			
	Amounts Amounts		Amounts	Amounts		
	expected to	expected to held for		held for		
	be received	be received income		income		
	from trusts	beneficiaries	from trusts	beneficiaries		
Charitable Lead Trust A	\$ -	\$ 104,426	\$ -	\$ 98,365		
Charitable Remainder Trust B	314,081	-	251,071	-		
Charitable Remainder Trust C	175,159	229,514	147,354	215,087		
Charitable Remainder Trust E	365,971	474,175	322,080	500,666		
Charitable Remainder Trust F	319,862	391,306	295,260			
Total	<u>\$ 1,175,073</u>	<u>\$ 1,199,421</u>	<u>\$ 1,015,765</u>	<u>\$ 814,118</u>		

### 5. Charitable trust assets and liabilities (continued)

### Charitable Lead Trust A

The Foundation is a beneficiary for the lifetime of the donor and also acts as trustee without compensation. The 1% annual unitrust distribution received by the Foundation totaled \$980 and \$1,009 in 2017 and 2016, respectively. As the amounts due to be received by the Foundation are immaterial, no receivable has been recorded for this Trust.

## Charitable Remainder Trust B

The Foundation is a 100% remainderman beneficiary under the terms of the trust. The assets of the trust are in no way subject to the control of the Foundation at this time.

## Charitable Remainder Trust C

The Foundation is a 100% remainderman beneficiary under the terms of the trust and also acts as trustee without compensation.

## Charitable Remainder Trust E

The Foundation is a 100% remainderman beneficiary under the terms of the trust and also acts as trustee without compensation until July 31, 2016, the second anniversary from the creation date of the trust. Commencing on August 1, 2016, the Foundation became entitled to compensation for administrating the trust.

## Charitable Remainder Trust F

The trust was established during 2016. The Foundation is a 100% remainderman beneficiary under the terms of the trust. Prior to June 29, 2017, the assets of the trust were in no way subject to the control of the Foundation. Effective on June 29, 2017, the Foundation shall act as a trustee without compensation.

# 6. Grants payable

CFSCC and RWMF make grants to various organizations. As of December 31, 2017 and 2016, the balance of grants payable was \$916,549 and \$2,014,860, respectively, of which \$39,527 and \$521,520, respectively, pertained to RWMF. The following is a summary of grants authorized and payable at December 31, 2017:

Due in 2018	\$ 638,411
Due in 2019	191,438
Due in 2020	75,700
Due in 2021	8,000
Due in 2022	 3,000
Total grants payable	\$ 916,549

## 7. Fixed assets

The Foundation's fixed assets were comprised of the following as of December 31, 2017 and 2016:

	<u>2017</u>	<u>2016</u>
Land	\$ 1,083,604	\$ 1,083,604
Land improvements	317,498	317,498
Building	7,343,077	7,343,077
Office equipment and software	 968,831	 797,733
Fixed assets	9,713,010	9,541,912
Less: accumulated depreciation	 (1,999,182)	 (1,723,838)
Fixed assets, net	\$ 7,713,828	\$ 7,818,074

Depreciation expense during 2017 and 2016 was \$282,248 and \$281,452, respectively. During 2017, the Foundation wrote off fixed assets of \$13,283 and associated accumulated depreciation of \$6,904. The Foundation recognized a loss from disposal of fixed assets of \$6,379. This amount was included on the accompanying 2017 consolidated statements of functional expenses.

#### 8. Notes payable

The Foundation's notes payable consisted of the following as of December 31,

	<u>2017</u>		2016
Tax-exempt bonds	\$ 980,000	\$	1,400,000
Santa Cruz County Bank loan	 165,000		_
Total	1,145,000		1,400,000
Less: unamortized debt issuance costs	 (40,622)		(53,796)
Notes payable, net of unamortized			
debt issuance costs	\$ 1,104,378	<u>\$</u>	1,346,204

Tax-exempt bonds

In January 2011, the Foundation closed a "Friends & Family" tax-exempt bond transaction and used the proceeds to repay the line of credit that was used to finance the construction of CFSCC's center for philanthropy. Twelve investors (including four board members) took advantage of this opportunity and saved the Foundation significant interest payments on other commercial real estate loan options. The Foundation will continue to raise funds to pay off the bond holders. The Foundation entered into an Indenture Agreement with the California Statewide Communities Development Authority (the "Authority") and Wells Fargo Bank, National Association (the "Trustee") to obtain loan proceeds funded by the issuance of tax-exempt revenue bonds (Community Foundation Santa Cruz County) Series 2011 in the amount of \$2,500,000 to finance the construction of the Foundation's center for philanthropy. Proceeds from the sale of the bonds in the amount of \$2,500,000 were loaned by the Authority to the Foundation under conditions stipulated in certain loan and regulatory agreements. Repayment of the loan is secured by a first deed of trust in favor of the Trustee acting on behalf of the Authority. The loan bears interest at an annual rate of 3.75% and requires payments of interest only, payable semi-annually on January 1 and July 1, beginning July 1, 2011. All principal and unpaid interest shall be payable at maturity on January 1, 2021.

#### 8. <u>Notes payable (continued)</u>

### Tax-exempt bonds (continued)

During 2017 and 2016, the Foundation retired \$0 and \$100,000, respectively, of the tax-exempt bonds. During 2017 and 2016, two bond holders forgave \$420,000 and \$0, respectively. This amount was included in debt forgiveness income on the accompanying consolidated statements of activities and changes in net assets. Interest expense during 2017 and 2016 was \$46,642 and \$54,830, respectively.

Debt issuance costs are being amortized to interest expense over the term of the loan. For 2017 and 2016, the effective interest rate was 4.86% and 4.71%, respectively. In connection with the issuance of the tax-exempt bonds, the Foundation incurred bond financing costs totaling \$131,743. During 2017 and 2016, amortization expense for debt issuance costs was \$13,174 in each year.

## Santa Cruz County Bank

On December 21, 2017, the Foundation obtained financing from Santa Cruz County Bank for an amount up to \$250,000. The note bears interest at an annual rate of 5.00% and requires 3 monthly consecutive interest only payments beginning January 21, 2018. Beginning April 21, 2018, the loan requires monthly principal and interest payments of \$4,719. All principal and unpaid interest shall be payable at maturity on March 21, 2023.

Estimated future minimum principal payments on notes payable for the next five years and thereafter are summarized as follows:

#### Year ending December 31,

2018	\$	22,204
2019		30,928
2020		32,510
2021		1,014,173
2022		35,922
Thereafter		9,263
Total	<u>\$</u>	1,145,000

#### 9. <u>Employee retirement plan</u>

In January 1997, the Foundation established a 401(k) plan. Currently, the plan is a safe harbor plan that requires the Foundation to contribute 3% of eligible employee compensation. Employees are eligible to participate in the plan starting on the first of the month following 60 days of employment. In addition to the 3% contribution, the Board of Directors approved discretionary contributions of \$72,236 and \$65,102, respectively, to the plan in 2017 and 2016. These amounts are included in payroll taxes and employee benefits on the accompanying consolidated statements of functional expenses.

### 10. Net assets

## Net assets without donor restrictions

Net assets without donor restrictions consist of operating reserves (board designated funds), capital assets, general operating support, and the RWMF supporting organization. Board designated funds are funded with surplus unrestricted operating funds and are intended to provide an internal source of funds for situations such as sudden increase in expense, one-time unbudgeted expenses or unanticipated loss in funding.

At December 31, 2017 and 2016, net assets without donor restrictions consisted of the following:

	2017	2016
Board designated	\$ 454,179	\$ 395,043
Undesignated	7,100,277	7,016,146
RWMF	 111,935	 64,974
Total net assets without donor restrictions	\$ 7,666,391	\$ 7,476,163

#### Net assets with donor restrictions

Net assets with donor restrictions consist of non-endowed and endowed funds, foundation contributions for special projects, charitable gift annuities, cash surrender value of life insurance, and investment in charitable trusts. Endowed funds represent the fair value of the original gift as of the gift date and the original value of subsequent gifts to donor-restricted endowment funds.

At December 31, 2017 and 2016, net assets with donor restrictions consisted of the following:

	2017		<u>2016</u>
Non-endowed	\$ 36,382,675	\$	27,358,744
Charitable gift annuities	320,008		323,151
Grants, special projects, and pass-through	876,553		677,287
Charitable remainder trust assets	1,175,073		546,331
Endowed	 65,963,975		60,459,064
Total net assets with donor restrictions	\$ 104,718,284	\$	89,364,577

# 11. Agency funds

When a not-for-profit organization establishes a fund at the Foundation with its own funds and specifies itself or its affiliate as the beneficiary of the fund, the Foundation accounts for the transfer of such assets as a liability. The liability is the total fair value of the funds held by the Foundation and is reflected as agency funds on the accompanying consolidated statements of financial position.

In addition, related amounts received or distributed, investment income or loss, and expenses are not presented on the accompanying consolidated statements of activities and changes in net assets. The Foundation complies with generally accepted accounting principles as they relate to agency funds by booking their value as a liability. There are two types of agency funds as described below:

## 11. Agency funds (continued)

## Agency flex funds

Agency flex funds continue as long as the need for them exists. Payments may be paid out of both principal and income, at the request of the agency and approved by the Foundation's Board of Directors. Agency flex funds may be invested in either long term or short term pools. Agency flex funds balances at December 31, 2017 and 2016 are as follows:

	2017	2016
Peixoto Organic & Sustainable Farming		
Education Fund	\$ 2,485,581	\$ 2,251,263

Easement Monitoring Fund	24,051		22,587
Total agency endowment funds	4,838,521	<u>\$</u>	3,970,320

#### 12. Major contributions

For the year ended December 31, 2017, 35% of CFSCC's annual contribution and grant revenue was provided from three companies and six individuals to their respective donor advised funds.

#### 13. Liquidity and availability of resources

The following reflects the Foundation's financial assets as of the balance sheet date, reduced by the amounts not available for general use because of contractual or donor-imposed restrictions within one year of the balance sheet date. Amounts not available include unrestricted net assets set aside for long-term investing that could be drawn upon if the governing board approves that action. However, amounts already appropriated from donor restricted endowment for general expenditure within one year of the balance sheet date have been subtracted as unavailable.

Total assets, at year end	\$ 131,055,316
Less nonfinancial assets:	
Fixed assets, net	(7,712,740)
Deposits and prepaid expenses	(38,862)
Financial assets, at year end	123,303,714
Add those available for general expenditure within one year due to:	
Time restricted funds available within one year	242,700
Less those unavailable for general expenditure within one year due to:	
Non-endowed (non-agency)	(36,382,675)
Charitable gift annuities assets	(320,008)
Grants, special projects, and pass-through	(876,553)
Charitable remainder trust assets - amounts expected	
to be received from trusts	(1,175,073)
Endowed funds (non-agency) - cumulative earnings in excess of corp	pus (11,331,754)
Endowed funds (non-agency) - corpus	(54,632,221)
Charitable remainder trust assets - amounts held for	
income beneficiaries	(1,199,421)
Agency funds	(14,569,968)
Grants payable from donor restrictions funds	(877,022)
Charitable gift annuities liabilities	(753,246)
Financial assets available to meet cash needs for general	
expenditure within one year	<u>\$ 1,428,473</u>
